

25th July 2022

Dear Valued Customer,

Removal of Additional Surcharge for Parcel Shipments from Peninsular Malaysia to East Malaysia

Reference is made to our letter dated 1st July 2021, pertaining to the reduction of additional surcharge for parcel shipments delivered from Peninsular Malaysia to East Malaysia.

The air linehaul connectivity between Peninsular Malaysia and East Malaysia has slightly improved after two years of stringent border controls due to the Covid-19 outbreak. However, the cost of deliveries to East Malaysia still remains high.

As a gesture of appreciation for your continuous support during the pandemic, we are pleased to announce the **removal** of the additional surcharge of RM1.00/kg for parcels from Peninsular Malaysia to East Malaysia, effective **1st August 2022**.

We truly value our business relationship and look forward to serving you better.

Thank you.

The Management

GD Express Sdn. Bhd.
